

Transform Your Takeout

Eliminate the “3rd Party” ordering systems **fees**.
Make more money without answering the phone or
lose money on no-show customers.

How does VersiEats work?

1. Add the link to your website and Facebook that takes your customer to your menu on VersiEats.
2. Customers easily place their order from a computer or smartphone and pay online. *(No more “no-show” customers)*
3. Orders run through the POS and will print directly into the kitchen
4. Customers come to pick up their food or you can deliver!
